

# WEB DESIGN & DEVELOPMENT SOLUTIONS

- ✓ High levels of personal service, quality and satisfaction.
- ✓ Transparent and easy to understand pricing with our Web Club Packages.
- ✓ Strict timeframes for completion, proven to be faster than competition.
- ✓ World class web development platform in Wordpress.
- ✓ Security of your online assets treated as a premium requirement.
- ✓ Additional consulting and business development provided.
- ✓ Extensive experience with Google search optimisation with dedicated resources.
- ✓ Reliable and immediate support both on request and for project matters.
- ✓ A range of additional innovative products with video and print elements.

***Our ultimate goal is not just to get your business online, but to also create and develop lasting business relationships. We also encourage our clients to be part of the Web Club network where you can liaise and collaborate, with the other clients and business, on our directory.***

## About Us

Web Club is a Melbourne based web design & development business providing a range of professional products, services and resources. Our service model is based on a face to face process whereby we regularly meet existing or new clients and in turn, we adapt to the nature of a business or concept quickly and methodically. This enables us to manage your project with clear direction and clarity whilst ensuring the best possible outcomes.
