Legal Documents

We have over 200 legal documents that can be customised and used for any business purpose in a matter of minutes. All documents are centrally available in your LawPath account, allowing you to securely store and customise them at any time, from any device.

HOW IT WORKS

Select a document from the Legal Document library. We've got legally binding documents for every area of business, from formation agreements to website and workplace policies.

Customise your document. Our software takes you through a simple online interview, and once completed, generates a legally binding document for download.

Review and sign. We provide information on the next steps to take upon completing your document, ensuring all parties understand their responsibilities.

The screenshot displays the LawPath interface for creating a document. It features a sidebar on the left with a document icon and the title 'Non-Disclosure Agreement (One Way)'. The main content area includes a description: 'A Non-Disclosure Agreement is a legal document that you can use to disclose confidential information to another party, while legally forbidding the other party from disclosing that information to any person or entity.' Below this are two buttons: 'CREATE DOCUMENT' (green) and 'MORE INFO' (blue). A second section, 'Services Agreement', is partially visible. The 'Non-Disclosure Agreement' section contains a form with the question 'What is the name of the second party sharing information?' and a text input field with the placeholder 'e.g. "LawPath Pty Ltd" or "John Smith"'. Below this is another question: 'Do you know the ABN or ACN of the second party sharing information?' with two radio button options, 'Yes' (selected) and 'No'. At the bottom of the form, there is a section titled '1. Proof-read your document' with a note: 'It's important to proof-read your document to make sure you haven't made any mistakes. One mistake could mean all the difference between a binding contract and an unenforceable one.' and a 'DOWNLOAD' button. A final section at the bottom reads '2. Looking to further customise your document?'.
